"Manifest Error" means a manifest or obvious misquote by the Company, or any market, liquidity provider or official price source on which the Company has relied in connection with any Transaction, having regard to the current market conditions at the time an order is placed as the Company may reasonably determine. When determining whether a situation amounts to a Manifest Error, the Company may take into account any information in its possession, including information concerning all relevant market conditions and any error in, or lack of clarity of, any information source or announcement. The Company will, when making a determination as to whether a situation amounts to a Manifest Error, act fairly towards the Client but the fact that the Client may have entered into, or refrained from entering into, a corresponding financial commitment, contract or Transaction in reliance on an order placed with the Company (or that the Client has suffered or may suffer any loss) will not be taken into account by the Company in determining whether there has been a Manifest Error.

11.17. In respect of any Manifest Error, the Company may (but will not be obliged to):

- a) amend the details of each affected Transaction to reflect what the Company

may reasonably determine to be the correct or fair terms of such Transaction absent such Manifest Error; or

b) declare any or all affected Transactions void, in which case all such Transactions will be deemed not to have been entered into.

11.18. The Company will not be liable to the Client for any loss (including any loss of profits, income or opportunity) the Client or any other person may suffer or incur as a result of or in connection with any Manifest Error (including any Manifest Error by the Company) or the Company's decision to maintain, amend or declare void any affected Transaction, except to the extent that such Manifest Error resulted from the Company's own willful default or fraud, as determined by a competent court in a final, non-appealable judgment.

11.19. The Client acknowledges that all orders are executed by the Company as a regulated STP broker on behalf of the Client and that all orders are executed in a non-regulated market and/or Over the Counter.

11.20. **Abusive Trading:** if the Company reasonably suspects that the Client performed abusive trading, it may in its absolute and sole discretion, at any time and without any prior written notice, take one or more of the following actions:

(a) terminate the Service Agreement and the Client Agreement;

(b) block the Client's access to the Trading Platform and/or Trading Account;

(c) suspend, prohibit or restrict the Client's trading activities or any other functions;

(d) cancel any open positions;

(e) reject, decline or refuse to transmit or execute a Client Order;

(f) reverse the funds back to their originating source or to the real beneficial owner;

(g) cancel or reverse the profits gained through abusive trading;

(h) take legal action to recover any losses suffered by the Company;

12.20 Opening and Closing Orders/Transactions

12.21.1. In order to open a Transaction in an FX and/or CFD on the Trading Platform, you must either open a Buy or a Sell, at the price quoted by the Trading Platform at the time of such Transaction. In order to close a Transaction, you must either offer to sell (in the case of a Buy), or purchase (in the case of a Sell), the Underlying Asset covered by such open Transaction, at the price quoted by the Trading Platform at the time of such closing offer. Full details of our Order Execution Policy please visit the Company's Website (s).

12.21.2 On the Trading Platform, the Client shall be entitled to make an offer to open a Transaction at the best available rate on the Trading Platform ("**Market Order**") at the time of opening such a Transaction, unless he/she specify a particular price in which to make an offer to open a Transaction ("**Limit Order**"). With respect to a Market Order or a Limit order, the price at which a Transaction is completed may not always be at the exact rate displayed when the order is submitted. The Client agrees that his/her offer to open a Market Order or a Limit Order may be accepted at a lower price or higher price than the price indicated by the Client in his/her Market Order or Limit Order, within a certain range as specified on the Trading Platform under specific market conditions. At any time prior to acceptance of an order, the Client may cancel such order without any further

liability. If the Client chooses to open a Market Order or Limit Order, his/her offer will be accepted at the best possible rate offered on the Trading Platform.

12.21.3. Orders can be placed and (if allowed) changed within the Trading Hours for each type

of FX and CFD appearing on the Company's Website, as amended by the Company from time to time, on the Company's discretion. The Client agrees that the Order to be opened, if accepted by the Company outside the Trading Hours may not be capable of execution, should the market not trade at the price stipulated once Trading Hours commence.

12.21.4. Pending Orders, not executed, shall remain effective through the next trading session (as applicable). All open spot positions will be rolled over to the next Business Day at the close of business in the relevant Underlying Market, subject to the Company's rights to close the open spot position.

12.21.5. Market Orders not executed due to insufficient equity in the trading account will not remain effective and will be nulled.

12.21.6. Orders shall be valid in accordance with the type and time of the given Order, as specified by the Client. If the time of validity of the Order is not specified, it shall be valid for an indefinite period. However, the Company may delete one or all pending orders if the Trading Account funds are not sufficient to cover margin requirements.

12.21.7. Stop loss and Take Profit orders may be amended providing they meet minimum specified level requirements (keep the pending on the trading symbol).

12.21.8. The Client may change the expiration date of Pending Orders or delete or modify a Pending Order before it is executed. In order to change the expiry, the Client will need to cancel the Order and place a new one.

12.21.9. The Client acknowledges and agrees that due to market volatility affecting both price and volumes and factors beyond its control, the Company is striving to execute client orders with the best execution reasonably possibly under the prevailing market conditions however, the Company cannot guarantee that an Order will be executed at the level specified in the Client Order. In such an event, the Company will execute the Client's Orders (Buy/Sell, Close at a Loss, Close at a Profit, Stop Loss, Take Profit etc.) at the next best available price.

12.21.10. With respect to a Close at Profit where the price for an Underlying Asset moves to the Client's advantage (for example, if the price goes up as the Client Buys or the price goes down as the Client Sells), the Client agrees that the Company can pass such price improvement on to the Client.

12.21.11. In the event that the Company is unable to proceed with an Order, with regard to price or size or other reason, the Company will not send a re-quote to the Client (with the price it is willing to deal until the price the Client asks is available). The Order will be rejected and the Client will need to place another Order.

11.21. Stop and Limits

12.22.1. The Company may, in its sole discretion, allow the Client to specify a closing price for a Transaction through a "Close at Loss" and "Close at Profit" order, subject

always to the terms of the Client Agreement and any other terms and conditions the Company may implement from time to time.

12.22.2. Upon the Client's offer and our acceptance of the Client's Order, the Client hereby authorizes the Company to close the Transaction at the "Close at Loss" price or "Close at Profit" price, as applicable, and as agreed in the Order, without further instruction from or notification to the Client. The Company may, in its sole discretion, close the Transaction when the price quoted by us on the Trading Platform equals or exceeds the price accepted by us for such an Order.

12.22.3. The Company may, in its sole discretion, allow the Client to request the opening or closing of a Transaction, including a "Close at Loss" and "Close at Profit" Order, within a specific time period determined by the Client. If the Company has accepted such a request, it may in its sole discretion, close the Transaction within such specific time period. The Client acknowledges and agrees that the Company shall not be obliged to close such a Transaction outside such specific time period or which does not otherwise comply with any other limitations agreed upon with respect to such Transaction.

12.22.4. The Company may, in its sole discretion, accept an offer to place a Trailing Stop in relation to a "Close at Loss". The Client acknowledges that the original price level set forth in a "Close at Loss" may be amended as the market on the Trading Platform moves in the Client's favor. Whilst the Client's Trailing Stop "Close at Loss" is still in effect, the Client agrees that each change in the market by at least one hundredth of a percentage point (referred to as "Pips" on the Trading Platform) in his/her favor shall constitute a new offer by the Client to raise the level of his/her trailing "Close at Loss" by one hundredth of one percentage point. Changes in a Pip will be rounded to the nearest absolute value in the Client's base currency based on the Client's account type, as shall be specified on the Trading Platform.

12.22.5. The Client agrees that placing a "Stop Loss" Order will not necessarily limit losses to the intended amounts due to the prevailing market conditions which may render it impossible to execute such an Order at the stipulated price and the Company bears no responsibility whatsoever.

12.22.6. The Client agrees that trading operations using additional functions of the Client Trading Terminal such as Trailing Stop and/or Expert Advisor are executed completely under the Client's responsibility, as they depend directly on his/her trading terminal and the Company bears no responsibility whatsoever. In case of any difficulties with Expert Advisors, it is suggested to contact Expert Advisor Providers.

11.22. Swaps

12.23.1. Any Open Transactions held by the Client at the end of the trading day of the Underlying Market or over the weekend when the relevant Underlying Market is closed, shall automatically be rolled over to the next business day to avoid an automatic close and physical settlement of the Transaction. The Client acknowledges that when rolling such Transactions to the next business day, a Swap will be either added or subtracted from his/her Trading Account with

respect to such Transaction (“**Rolling**”). The Swap amount is a constant percentage of the position value and is based on a number of factors including among others, whether the Transaction is a Buy or a Sell, interest rates, Underlying Asset differentials, daily price fluctuations and other economic and market related factors. The Swap for each Asset /Underlying Asset is displayed for each specific Asset / Underlying Asset on the Trading Platform and/or the Company’s website and is subject to amendments.

12.23.2. In deciding whether to open a Transaction for a specific Underlying Asset, the Client

acknowledges that he/she is aware of the Swap displayed on the Company’s website (indicative) and should consult the trading platform and the instrument specifications for the applicable rates/ swaps before opening any position.

12.23.3. It is further acknowledged that in case of any miscalculation and/or error of a swap rate due to a malfunction of the Trading Platform and/or bug and/or error of any nature, the Company has the right to update and charge the Client’s account with the accurate swap, affected on the Client’s account balance.

12.23.4. The Company reserves the right in its discretion to disable and/or enable trading without a Swap rate charge (“**swap free trading**”) for Client’s trading account at any given time. Without prejudice to the generality of the foregoing the imposition of a Swap rate charge can occur if the Client abuses the Company’s trading conditions/systems or where the Client’s trading strategy imposes a threat to the Trading Platform or where the Company deems necessary in order to protect the smooth operation of its Trading Platform.

11.23. Expiry Transactions

12.24.1. The Client acknowledges that certain Financial Instruments have a set Expiry Date and time.

12.24.2. In the event that an Expiry Date for a specific Underlying Asset is set, it will be displayed on the Trading Platform/website for each Underlying Asset. It is the Client’s responsibility to make himself aware of the Expiry Date and time.

12.24.3. If the Client does not close an open Transaction with respect to an Underlying Asset which has an Expiry Date, prior to such Expiry Date, the Transaction shall automatically close upon the Expiry Date. The Transaction shall close at a price which will be the last price quoted on the Trading Platform immediately prior to the applicable Expiry Date and time.

12.24.4. **Spreads:** All FX and CFDs available with the Company have spreads which appear on the Trading Platform and/or the Website. The Company has the right to amend its spreads at its discretion from time to time. Such changes shall be effected on the Trading Platform and/or the Website and the Client is responsible to check for updates regularly. Spreads may increase during abnormal market conditions.

11.24. **Corporate Actions:** If any Financial Instrument Reference Asset which is a security, becomes subject to possible adjustments as a result of any of the events set out in paragraph 12.26 (referred to as “**Corporate Event**”), the Company will determine the appropriate adjustment, if any, to be made to the opening/closing price, size,

value and/or quantity of the corresponding transaction (and also the level or size of the corresponding orders). This action is made in order to:

(i) account for the diluting or concentrating effect necessary to preserve the economic equivalent of the rights and obligations of the parties under that transaction immediately prior to that Corporate Event, and/or

(ii) replicate the effect of the Corporate Event upon someone with an interest in the relevant underlying Reference Asset security, to be effective from the date determined by the Company.

11.25. The events to which paragraph 12.25 refers to are any of the following, by the declaration

of the issuer of a security:

a) a subdivision, consolidation or reclassification of shares, a share buy-back or cancellation, or a free distribution of bonus shares to existing shareholders, capitalization or share split or reverse share split or similar event;

b) a distribution to existing holders of the shares or additional shares, other share capital or securities, granting the right to payment of dividends and/or proceeds from the liquidation of the issuer equally proportionate to such payments to holders of the underlying shares, securities, or warrants granting the right to receive or purchase shares for less than the current market price per share;

c) any other event regarding shares analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of shares;

d) any event analogous to any of the above events or otherwise having a diluting or concentrating effect on the market value of any security not based on shares; e) any event which is caused by a merger offer made

regarding the Company of the underlying asset;

f) earnings announcements

11.26. If any Financial Instrument Reference Asset which is a security becomes subject to a

specific risk resulting in a predicted fall in value, the Company reserves the right to restrict short selling or even withdraw the specific Financial Instrument from the Trading Platform.

11.27. Determination of any adjustment or amendment to the opening/closing price, size, value

and/or quantity of the Transaction (and/or the level or size of any order) shall be at the Company's sole discretion and shall be conclusive and binding upon the Client. The Company shall inform the Client of any adjustment or amendment via its internal mail as soon as is reasonably practicable.

11.28. In the case where the Client has any open positions on the ex-dividend day for any of

the Financial Instrument Reference Assets, the Company has the right to close such positions at the last price of the previous trading day and open the equivalent volume of the underlying Financial Instrument at the first available price on the ex-dividend day. In this case, the Company will inform the Client via the internal mail of the said adjustment and no Client consent will be required. In the case where the Company's Risk Management believes the Client is deliberately attempting to take advantage of the fact that shares in a particular Spot Index going ex-dividend, the Company reserves the right to apply a dividend adjustment. In the case of short positions, the dividend adjustment will be debited from the clients' account where dividend adjustment will be equal to Index Dividend declared x position size in Lots.

12. REFUSAL TO EXECUTE ORDERS

12.1. The Client accepts that the Company reserves the right, at any time, to refuse the provision

of any investment and/or ancillary services, at any time, including but not limited to the execution of instructions for trading any type of Forex, CFD or any other financial instruments offered by the Company, without prior notice to the Client. The circumstances under which the Company shall proceed to the above actions are the following:

- i. If the Client has insufficient funds in his/her account to place the order (together with the respective fees, charges and commissions necessary to carry out the transaction);
- ii. If the order affects, in any manner, the reliability, efficiency, smooth or orderly function of the market;
- iii. If the order aims at manipulating the market of the underlying financial instrument.
- iv. If the order constitutes the exploitation of confidential information;
- v. If the order affects, in any manner, the reliability, efficiency, smooth or orderly operation of the trading platform; and
- vi. If the order contributes to the legalization of proceeds from illegal activities such as money laundering, terrorist financing, fraud and/or any other illegal

activities.

vii. If the order is a result of the use of inside information (insider trading).

12.2. Internet, connectivity, delays and price feed errors sometimes create a situation where

there is price latency on the Electronic Systems such that there is a disparity between the Company quoted prices and current market prices for short periods.

Client expressly acknowledges and agrees that it shall not execute Transactions with the Company that rely on price latency arbitrage opportunities either by using additional functionalities/plugin-ins or by any other means. If the Client acts in contravention of this paragraph, the Company has the right to:

i. make corrections or adjustments to the relevant Transaction execution prices to reflect what would have occurred had there been no price latency arbitrage; and/or

ii. cancel all the relevant Transactions; and/or iii. terminate without notice the Client's Account with the Company; and/or iv.

charge an administration fee equal to 10% of the deposited funds, with the maximum charge set at Euro 200 or deposit currency equivalent. Conditional upon a client informing the Company in advance of linked trading accounts with the Company to be used for a hedging strategy within those accounts (i.e. mirror accounts) the Company will not consider hedging activity in those mirror accounts as an abusive trading strategy.

12.3. The Client understands that any act of refusal by the Company for the execution of any

order will not affect any obligation of the Client towards the Company under the Service Agreement. In the event that the Company does refuse to execute an order, such refusal will not affect any obligation which the Client may have towards the Company or any right which the Company may have against the Client or his/her assets. If the order is a result of the use of inside confidential information (insider trading) it is understood that any refusal by the Company to execute any order shall not affect any obligation which

the Client may have towards the Company or any right which the Company may have against the Client or his/her assets. The Client also declares that he/she shall not knowingly give any Order or instruction to the Company that might instigate the Company taking action in accordance with Paragraph 13.1. above.

13. CANCELLATION OF TRANSACTIONS

13.1. The Company has the right to cancel a transaction if it has adequate reasons and/or evidence to believe that one of the following has incurred:

i. Fraud / illegal actions led to the transaction, ii. Orders placed on prices that have been displayed as a result of system errors or system malfunctions either of those of the Company or of its third-party service providers. iii. The Company has not acted upon the Client's instructions. iv. The Transaction has been performed in violation to the provisions of this Agreement.

13.2. The Company reserves the right to cancel executed trades if the trade cancellation feature is abused. An acceptable rate of cancellation is 1 cancelled trade per 10 executed trades. A rate of cancellation higher than 1 cancelled trade per 10 executed trades will be considered abuse of the cancellation feature.

14. OUR RIGHT TO FORCE CLOSE

14.1. The Client acknowledges that the Company has the right, at its sole discretion, to immediately close any of his/her open transactions, whether at a loss or a profit, and liquidate the Client's Trading Account in the following circumstances:

(b) If the funds in the Client's Trading Account is equal or less than the total Margin required to maintain the Client's open transactions;

(c) If the Company receives a charge-back from your credit card issuer or with respect to any other payment method, for any reason.

14.2. The exercise of our right to force close will not result in the immediate termination of your Trading Account or the Service Agreement, unless the Company notifies you of such in writing.

14.3. Notwithstanding the foregoing, if the quoted prices, as shown on the Trading Platform, move against the price of your open transactions we may, without obligation or liability, request the Client to increase the funds in his/her Trading Account, within a specified period of time, to cover the difference and/or meet the Margin requirements for the purpose of keeping a transaction open. If the Client fails to comply with the Company's request for additional funds, we may exercise our right to force closure. It is the Client's responsibility to monitor, at all times, the amount of funds in his/her Trading Account against the amount of Margin required as a result of the Client's trading decisions.

14.4. The Client acknowledges that trading in certain financial instruments or underlying

assets carries a high degree of risk in becoming volatile very quickly and without warning. The Client hereby agrees that the Company reserves the right to close all or any open transaction with respect to any financial instruments or underlying assets that we determine that are volatile, in our sole discretion, at the quoted price at such time without notice.

15. ROLLOVER FEATURE

15.1. Rollover occurs when the CFD/ FX/ any other financial instrument, subject to expiry, is automatically rollover to the next expiry date. For specific types of financial instruments, there are expiration times and dates as shown on the Company's Trading Platform and/or website. In such a case, if the Client does not close the trade within the specified expiration time/date, he/she authorises the Company to close any such transactions at the quoted price at such time without being rolled over. In cases where the client rollovers a trade then SWAP charges are applied.

16. MARGIN REQUIREMENTS

16.1. In order to open a Transaction for an Asset / Underlying Asset, the Client undertakes to provide the Initial Margin in his/her Trading Account. In order to keep a Transaction open, the Client undertakes to ensure that the amount in his/her Trading Account equals the Margin required to maintain the transaction open. The Client acknowledges that the Margin for each Underlying Asset differs and may be changed by us in our sole discretion from time to time. Based on the amount of funds that the Client has in his/her Trading Account, we retain the right to limit the amount and total number of open Transactions that you may wish to open or currently maintain on the Trading Platform.

16.2. It is understood that each different type of financial instrument offered by us has different

Margin requirements. It is the Client's responsibility to ensure that she/he understands how Margin requirements are calculated.

16.3. Unless a Force Majeure Event has occurred, the Company has the right to change the Margin requirements, giving to the Client two (2) Business Days Written Notice prior to these amendments. New Margin Requirements shall be applied for new positions. The Company has the right to change Margin requirements without prior notice to the Client in the case of Force Majeure Event. In this situation, the Company has the right to apply new Margin requirements to the new positions and to the positions which are already open. All changes shall be effected on the Trading Platform and/or the Company's website and the Client is responsible to check for updates. It is the Client's responsibility to monitor at all times the amount deposited in his/her Trading Account against the amount of any Margin required under this Agreement and any additional margin that may become necessary.

16.4. The Client acknowledges that we may, in our sole discretion, require him/her to take certain action in his/her Trading Account pursuant to a margin call. A margin call may

be based upon a number of factors, including without limitation, the Client's overall position with us, his/her account size/type, the number of open Transactions he/she has, volume traded, trading history and market conditions.

16.5. The Company shall not have an obligation to make any margin call to the Client but in the

event that it does, or in the event that the Trading Platform warns the Client that it reached a certain percentage of the Margin in the Trading Account, the Client should take any of the following action to deal with the situation:

(a) Limit his/her exposure (by closing trades); or

(b) Deposit sufficient funds in his Trading Account to meet the required Margin.

16.6. In the event that the existing or deposited Margin in the Client's Account is not sufficient

to meet the required Margin rates, as those are determined by the Company, the Client's transactions will not be executed. Without prejudice to the generality of the foregoing, the Company will close Client's open positions starting from the most unprofitable and/or loss making, when the Margin in the Client's Account is less than 50% of the

Margin Level. In case the Margin is equal to or less than 20% of the Margin Level requirement,

then the Client's open positions will be automatically closed, starting from the most unprofitable

during the relevant time market price. This includes positions with a guaranteed stop loss order or

limited risk protection.

16.7. Failure to meet the Margin Requirement at any time or failure to make a Margin payment

when due may result in force closure (as outlined in paragraph 15 above) of the Client's open positions without further notice to the Client. Margin shall be paid in monetary funds in the balance currency of the Client Account.

16.8. If you have more than one Trading Account with us, each Trading Account will be treated entirely separately. Therefore, any credit on one Trading Account (including

amounts deposited as margin) will not discharge the Client's liabilities in respect of any other Trading Account. It is your responsibility to ensure the required level of margin is in place for each Trading Account separately.

16.9. The Client acknowledges that the Margin Call is set to 100% and the Stop Out to 50%. The Client further acknowledges that the Company may change at its discretion the Margin Call, Stop Out based on regulation and/or according to the Company's Policies and Procedures as this may take place from time to time.

17. SETTLEMENT OF TRANSACTIONS

17.1. The Company shall proceed to a settlement of all transactions upon execution of such

transactions. Acquisition of a Forex, CFD or other financial instrument is completed when the Forex, CFD or financial instrument payment was verified and the relevant swap and other charges have been calculated.

17.2. The Client agrees to be fully and personally liable for the due settlement of every transaction entered into under his/her Trading Account with the Company. Any confirmation or proof for any act or statement of Account or certification issued by the Company in relation to any transaction or other matter shall be final and binding on the Client, unless the Client has any objection in relation to such statement of Account or certification and the said objection is communicated in writing and received by the Company within two calendar days from the receipt of the deemed date of receipt of any statement of Account or certification.

1G MIRROR TRADING AND ROBOX

19.1 The RoboX and Mirror Trader services ("**Automated Services**") have been created to facilitate the automated opening, closing, setting up, adjustment and deletion of trading orders, generated by providers of trading signals ("**Strategy Providers**"). The Automated Services are facilitated by the Tradency Inc ("**Tradency**" and/or "**Tech Provider**"), however, the provision of the investment services falls under the responsibility of the Company. Depending on the Client's choice as to the execution type of orders, one or more of the investment services mentioned under paragraph 6.1 (a) to (c) of this Agreement, for the financial instruments that the Company offers, as may be amended, from time to time.

19.2 The Client is informed through this Agreement that in the case where the investment service of Investment Advice is offered, it is provided on a non-independent basis since it is based only on CFD products offered by the Company.

19.3 The Client can activate their subscription in the following manner:

19.3.1 Open an account, provided that the relevant account opening procedure was followed, for Mirror Trading and Robox on the Company's Website.

19.3.2 Log in to Mirror Trading and Robox, using login and password.

19.3.3 Copy Provider strategies from RoboX and Mirror Trader tab.

19.3.4 You can pause your subscription using the “Delete a package” option (you can find it in the trader’s portfolio inside the RoboX trading platform), or “Delete” option (Mirror Trader trading platform, “My strategies” section).

13.4 Mirror Trader

19.4.1 Tradency servers keep track of strategy developers’ “buy” and “sell” signals. By using the Mirror Trader platform, Clients can view, analyze and evaluate signals sent by Strategy Providers and execute the signals in their own trading account with the Company.

19.4.2 The Client is informed that he/she will not be in a position to view signals from all the Strategy Providers that are available within the Tradency’s systems. The Company will determine, based on the results of each Client’s Suitability Test as well as the assessment of the Strategy Providers, which Strategy Providers are eligible to be available (“Eligible Strategy Providers”) for each Client.

19.4.3 The Forex Mirror Trader platform enables a full trading functionality for automated strategies trading and manual trading. In particular, the Mirror Trader provides Clients with the following three (3) methods of trading:

(a) **Automatic Mirror Trading:** Without prejudice the provisions of paragraph 19.3.2 above, Clients can select strategies that match their personal trading preferences, such as risk tolerance and past results. Once any Eligible Strategy Provider has been selected by the Client, all the signals sent by the Eligible Strategy Provider will be automatically applied to the Client’s trading account with the Company. No intervention is required by the Client as all account activity is controlled by the platform.

(b) **Semi-Automatic Mirror Trading:** Clients can view all the signals of Eligible Strategy Providers in real time. The Clients can choose which trades to “mirror” and execute in their own trading accounts with the Company. Once the Clients select a signal for mirroring, they can decide if they wish to close the trade manually or they may prefer to let the position be closed automatically when the Eligible Strategy Provider closes it.

(c) **Manual Trading:** It is the Client’s responsibility to decide which signals of the Eligible Strategy Providers and proceed with the placement of the relevant order for execution in his/her trading account with the Company.

13.5 Robox

19.5.1 Packages set according to predefined rules algorithm. Even if the Client will have a variety of packages from Eligible Strategy Providers, to be selected to be added to his/her Trading Account, he/she will be in a position to set his/her own preferences as to the Position Volumes. In addition, Clients will have the ability at any time to manually close trades, irrespective of the mode to be selected:

19.5.2 The Robox algorithm enables a full trading functionality for automated strategies trading and provides Clients with the following three (3) methods of trading:

(a) **Automatic:** Packages will be added to the Client’s Trading Account. This mode allows packages to automatically open and close orders in the Client’s Trading Account with the Company.

(b)Require Confirmation: This mode allows Clients to approve or deny any incoming new orders from their packages. Note that this may cause the Client differences in expected performance of the package and may cause the Client to miss orders.

(c)On Hold: This mode blocks all new incoming orders. Closing orders will still be sent to the Client's current open trades according to package behaviour.

19.6 Before using the Automated Services, the Client has to ensure that he/she has fully understood the services offered by the Company, in collaboration with Tradency, through undertaking his/her own research into the offering or receiving the Automated Services and:

19.6.1 Confirms that he/she understands that the past trading results of the Strategy Providers presented are no guarantee of future results;

19.6.2 Confirms that they he/she understands, and accept all the risks associated with margin trading on the financial markets;

19.6.3 Understands that the Strategy Provider is not an employee or agent or representative of the Company or Tradency;

19.6.4 Acknowledges that his/her trading account may be located on a different server to that of the Strategy Provider, meaning that orders may be opened or closed on the Strategy Provider's server at a different price than on the trading account of the Client;

19.6.5 Accepts all risks associated with the different trading conditions which may exist between the Client's trading account, and the Strategy Provider's trading account, which may result in some trading actions being impossible to execute; and

19.6.6 Understands and acknowledges that the Company is not and could not be held liable in relation to any possible losses resulting from the trading losses from the orders placed by the Strategy Providers, since each Client is connected with Strategy Providers that seem to be in line with the suitability results.

20 HANDLING OF CLIENTS FUNDS

20.1 When holding Client's funds, the Company shall place the Client's funds into one or more bank accounts and take every possible action to ensure that the Client's funds are safeguarded. Such funds will be held in designated bank accounts and the Company shall keep separate accounting records of the Client's funds and its own funds and shall be able to promptly distinguish funds held for different Clients of the Company. Further to this Agreement and the terms and conditions of business, the Client acknowledges and accepts that he/she has read, understood and accepted the company's policies which can be found on the Company's website.

In the event of insolvency, winding-up, bankruptcy or any other analogous proceedings in relation to the financial/credit institution or the third party, the Company may only have an unsecured claim against them on behalf of the Client and the Client will be exposed to the risk that the funds received by the Company from the financial/credit institution or the third party is insufficient to satisfy the Client's claims in respect of that bank account. The Company will not be liable or responsible for any resulting losses.

20.4 Client's fund transfer requests will be performed from the Company's official website. Any charges imposed by the bank or payment service providers shall be paid by the client. The Company may at its discretion charge a 3% plus 0.25 cents fee per deposit which includes payment service provider and handling fees which will be paid by the Client additionally to the deposited amount. For bank deposits the Company will consider as deposit the net amount received in its bank accounts, subject to any applicable banking fees/charges/costs. In case of a withdrawal any applicable bank/PSP charges/fees/costs will be deducted by the Company prior to the return of the client's balance to his/her account. The Company shall take every effort to update the fees and charges imposed by third party providers on its website in a timely manner, however it shall not be held responsible for any subsequent changes and/or inaccuracies by third parties such as PSPs and Banks beyond its control.

20.5 The Client acknowledges and agrees that the Company retains the right to set off and may, at its discretion, from time to time and without the Client's authorization, setoff any amounts held on behalf and/or to the credit of the Client against the Client's obligation to the Company including but not limited for charges, fees, expenses and handling fees charged or incurred by the Company on behalf of the Client.

20.6 Unless otherwise agreed in writing between the Company and the Client, this Agreement shall not give rise to rights of any credit facilities. The Client has the right to withdraw only funds which are not used for margin coverage / requirement and that are free from any obligations towards the company.

20.7 The Client accepts to clearly denote all the required information on any payment

document that the Company may request at its own discretion (funds/ deposit/ withdrawal/ transfer/ additional Identification and Proof of Residence documents) from time to time in order to verify the source of funds and to comply with the international regulations against fraud and money laundering and the applicable legislative and regulatory framework as may be amended from time to time. The Company shall not accept any payment made by a third party on behalf of the Client without its prior written approval together with the relevant identification documents of the third person as per the Company's Client Acceptance Policy.

20.8 The Client agrees that any amount of funds transferred by the Client from his/her bank account/ Credit and or other Card / e-Wallet will be deposited to his/her trading account at the value date of the payment received in the Company's Client's account. Any charges/fees/costs charged by the Bank Account and/or other payment service providers and/or any other intermediary Bank/Financial Institution involved in the process of his/her transaction/remittance shall be paid by the client. To this effect, the client shall pay any fees/charges/costs as these may be imposed as a result of the transfer of funds. In order for the Company to accept any deposits by the Client, the identification of the sender must be verified and ensure that the person depositing the funds is the Client. If these conditions are not met, the Company reserves the right to refund the amount deposited via the method used by the remitter minus any applicable fees/charges/costs imposed by the banking or payment service provider, as may be applicable.

20.9 The Company reserves the right to refuse a transfer of funds by the Client or on behalf of the Client and not to credit his/her trading account in the following cases:

- i. If the Company has reasonable suspicion that the person transferring the funds is not duly authorised;
- ii. If the funds are not directly transferred from the Client and a third party is involved;
- iii. If the transfer is in violation of the St. Lucia legislation.
- iv. If the identification of the sender is not verified and if the

Company doesn't ensure that the person depositing the funds is the Client. In any of the above cases the Company will send back the received funds to the remitter by the same method as they were received and the Client will suffer with all the relevant Bank Charges created due to the above transaction.

20.10 In any of the cases mentioned in previous paragraphs and paragraph 20.10 the Company shall return any received funds to the sender with the same method that they were received and the Client will be charged with any relevant charges and fees of the bank or the Merchant provider/ Payment Service Provider. Any

charges/fees/costs imposed by payment service providers will be deducted and the Company shall return back to the client's account the remaining balance.

20.11 In the event that any amount received in the Bank Accounts is reversed by the Bank Account or the merchant provider at any time and for any reason, the Company will immediately reverse the affected deposit from the Client's trading account and further reserves the right to reverse any other type of transactions effected after the date of the affected deposit. It is understood that these actions may result in a negative balance in all or any of the Client's trading account(s).

20.12 The Client agrees to waive any of his/her rights to receive any profits or interest earned in the funds held in the Bank Account where Client's funds are kept and/or on the deposited funds held by the Company on behalf of the Client and further acknowledges that the Company will be entitled to act as the beneficiary of such interest.

20.13 The Client shall be entitled to withdraw from his/her account any available funds that are not used as other obligations or charges or any amounts which require particular conditions to be fulfilled. The Company reserves the right to decline a withdrawal request if the request is not in accordance with certain conditions mentioned in this Agreement or delay the processing of the request if it is not satisfied with the KYC and or other documentation provided by the Client. The Client acknowledges and accepts that any incurring bank / merchant fees will be paid by him/her in case of fund withdrawals from his/her trading account in order to credit his/her designated bank account. The Client is fully responsible for the payment's details that he/she provided to the Company and the Company accepts no responsibility if the Client has provided false or inaccurate bank / merchant details.

20.14 Withdrawals should be made using the same method used by the Client to fund his/her trading account and to the same remitter. The Company reserves the right to decline a withdrawal with a specific payment method and to suggest another payment method where the Client needs to complete a new withdrawal request. In the event that the Company is not fully satisfied with the documentation provided in relation to a withdrawal request, the Company can request for additional documentation and if the request is not satisfied, the Company can reverse the withdrawal request and deposit the funds back to the Client's trading account. Fund transfer requests are processed by the Company on the same day that the request to withdraw funds is made, or the next working day if the client's request is received outside of normal trading hours. It is noted however that delays may occur with the processing of such requests, as specified on the Company's website. The provision of documentation or any other type of Client from time to time authentication as may be required by Anti Money Laundering (AML) regulations, Credit Card companies and the Company is a prerequisite, prior to the execution of any withdrawal order.

20.15 The Client acknowledges that in case where a Client's bank account held with the Company is frozen for any given period and for any given reason the Company assumes no responsibility and the Client's funds will also be frozen. Furthermore,

the Client acknowledges that (s)he has read and understood the additional information provided on each payment method available on the Company's website.

20.16 When the Client is depositing funds to his/her account with the Company by using a Bank Transfer, as required for anti-money-laundering regulations, the Client is required to use only one bank account, which is in his/her country of residence and in his/her name. An authentic SWIFT confirmation or Transfer Confirmation, showing the origin of the funds, must be sent to the Company. Failure to submit such SWIFT/Confirmation may result in the return of the deposited amount; hence preventing the deposit of such pending amounts to the Client's trading account. Any withdrawal of funds, from the Client's trading account to a bank account, can only be refunded to the same bank account that the funds were originally received from.

20.17 The Client acknowledges that the Company from time to time may decide to offer various base currencies. Currently the Company offers three base currencies which are namely USD, GBP and EURO, therefore all deposits made in any other currency that the Company may decide to accept deposits, shall be converted to USD, GBP or EURO as per the client's choice at the standard rate on the conversion day. The client shall bear all conversion charges/fees for not depositing funds in the base currencies offered by the company and acknowledges that his/her deposit may be debited sums which due to exchange rates and credit card Companies' fees, may slightly vary from the initial sum that has been deposited by the Client in the account base currency. The Client hereby accepts that such variations may occur and he/she hereby affirms that shall not seek to object or charge this back. When the account base currency is either USD, GBP or EURO and the currency of the Client's credit/debit card is the same then the above difference/charges are usually avoided.

20.18 Credit/ Debit card deposits may be, according to credit/debit card companies' regulations/terms and conditions, returned to the same credit card when a withdrawal is performed. A withdrawal to credit a bank account where the initial deposits have been performed by a credit card will be executed back to the credit card or to the bank account only at the Company's discretion but in such a case a withdrawal to credit a bank account may take a longer period, due to additional security procedures and documentation that will be requested from the Client. The client acknowledges that for withdrawals via a payment service provider there are two base currencies (EURO/USD) therefore all withdrawals made in other currencies shall be converted to EURO/USD as per the client's choice at the standard rate on the conversion day. The client shall bear all applicable conversion charges. For withdrawals via a credit institution there are three base currencies available (EURO/USD/GBP) and the client shall pay any applicable fees/charges/costs. The Client is charged with any fees/costs/charges related to withdrawals either via bank or payment service provider and is entitled to pay for any conversion charges, if applicable.

Without derogating from his/her sole and entire responsibility to perform tax payments, the Client agrees that the Company may deduct tax, as may be required by the applicable law, but is not obligated to do so, from the results of the activity with the Company. The Client understands that amounts that may be withdrawn by him/her from his/her account are "gross amounts", from which the Company may deduct such taxes, and the Client will have no claim towards the Company with regard to such deductions.
